## National Science Day

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. For his discovery, Sir C.V. Raman was awarded the Nobel Prize in Physics in 1930.

## Vigyan Sarvatra Pujyate

As we celebrate the 75 th year of India's independence, that is, Azadi Ka Amrit Mahotsav, it becomes essential to have a pan India program to showcase science, technology & innovation from every part of our country. Vigyan Sarvatre Pujyate (means science & technology is revered all over) is a week-long celebration during 22 - 28 February 2022 from 75 locations in India, in addition to mega science
